The way I feel about you,
I just can't explain

The way I feel inside
I mean I really can't explain
The things you do to me
And now you turn my night to day
I don't know what to do without your love
cause you make me feel so special inside my heart
You're everything to me
I'm nothing without you
You mean the world to me
You're all I need

I adore you
Can't live without you
You make me feel so good
That's why I love you

Now when I see your face
I get a tingling in my soul
And love, you've got me hard
And now you make me whole
You make my life complete
The reason for my heartbeat
Think of you religiously
I lose sight of reality

I adore you
Can't live without you
You make me feel so good
That's why I love you

You're all I need
I don't know what to do without your love
cause you make me feel so special inside my heart
your everything to me
I'm nothing without you
You mean the world to me
You're all I need
