Something on my chest  
I got something to say  
Girl, Listen

[1st verse:]

It's too late now, still I've got something to say...  
Girl I'm sorry that I treated you that way  
Time has gone now, and the moment has passed...  
When I had the chance to try and make us last  
All alone now, and it's no one's fault by mine...  
Couldn't see the truth, I had those blinded eyes  
You have moved on, still I don't give a damn...  
Gotta get this off my chest while I can

[Pre-chorus:]

(How... I... need... you... more...and more...  
will... you  
Come...back... to...me... please?)

Every single hour,  
Of every single day, I  
Miss you more and more,  
Don't know what to say, I  
Know I closed the door,  
You're gone and on your way  
But now, I need you, I need you...

[Chorus (2x):]

Wanna take it back to the day when we first met,  
If I could, I'd start all over again...  
Our love is My Regret

[2nd verse:]

Should have known then, what I know now...  
Dying every second that you're not around  
Should have been there, when you needed me...  
Now I'm by myself, on my bended knees  
Should have loved you, while I had the chance to...  
Couldn't realize that you were the truth  
Should have shown you, what you meant to me...  
Baby now I see, that you were my queen

[Pre-chorus:]  
(How... I... need... you... more...and more...  
will... you  
Come...back... to...me... please?)

Every single hour,  
Of every single day, I  
Miss you more and more,  
Don't know what to say, I  
Know I closed the door,  
Sent you on your way  
And now you're gone...

[Chorus (2x)]

[Instrumental interlude]

Chorus (repeat till fade)  
Wanna take it back to the place when we first met,  
If I could, I'd start all over again...  
Our love is My Regret

Wanna take it back to the day when we first met,  
If I could, I'd start all over again...  
Our love is My Regret
