

Bannerhill "Tonight"

Visit "[Tonight](#)" on MotoLyrics.com

And the airplanes are mimicking stars again
We're sitting below a confused sky
We're sitting below this confused
Tangling fingers
And cluttering thoughts again

What if this is love?
Really is this love?

Tonight
We look so fine with beads of sweat tracing lines
What is left to separate us now?
We're east and west, boy and girl
Tonight we'll break the silence
We're beautiful, dangerous
A warning I'm singing for all our voices

And you eyes are watching my face turn red
There is nowhere to run in the moment
There is nowhere to run in the moment
I am so brave, but not brave enough for this

What if this is love?
Really is this love?

Tonight (we look so fine)
We look so fine with beads of sweat tracing lines
What is left to separate us now? (east and west)
We're east and west, boy and girl
Tonight we'll break the silence (we'll break the silence)
We're beautiful, dangerous
A warning I'm singing for all our voices (we're
beautiful)

And don't you feel so alive with everyone so close
singin'
Woahhhh woahhhh
The lights and sounds they're all around
We're movin' the air we're breathin'
Woahhhh woahhhh

(Shredding)

Tonight
We look so fine with beads of sweat tracing lines
What is left to separate us now?
We're east and west, boys and girls (yeah!)
Tonight we'll break the silence
We're beautiful, dangerous
A warning I'm singing
East and west, boys and girls
Tonight we'll break the silence
We're beautiful, dangerous
A warning I'm singing
For all our voices
