Latest Jesus

In your eyes I see a message
You came to lead the blind
Gather round in fallen wisdoms
Catcher in the rye
Seasons come and seasons go
They never will depart
You won't change the world turn round
Know it from the start

While we're waiting for another
Jesus rise
This is not a way of compromise

Latest Jesus

This is not the world where you reign
While we're waiting for the next
One to arrive

Preach around religion is everywhere
But living is for real
No one is there with the ultimate truth
And guilt it is all on you
One succeeds and other one shatters
The story remains the same
Solution for your sake
Is in your own sweet tomb
