"Land Of Tears"

Great eye like a vision in the sky
Folk dies and grieves and reviles
Reviles each other for more grief
Grief for each other in the land of tears
Rains of tears from the vision eye
Vision eye in the weirdest sky
Folk of land of tears dies
Land of tears, fears, sorrow and grief

Moloch - the prince of land of tears
Grand cross of the order

Land of tears
Land of fears
Land of sorrow and grief

Moloch - the prince of land of tears
Grand cross of the order
