Put your ass, in the air.  
Oh put, put your ass, put your ass up in the air.  
Put your ass up in the air.  
Oohohohoh.  
Whoaoaoaoaoaoaoao.

Put your ass in the air, put your ass up in the air.  
Put your ass in the air, put your ass up in the air.  
Put your ass in the air, put your ass up in the air.  
Put your ass in the air,  
Move around like you don't care.

Put your ass in the air, put your ass up in the air.  
Put your ass in the air, put your ass up in the air.  
Put your ass in the air, put your ass up in the air.  
Put your ass in the air,  
Move around like you don't care,  
Like you don't care.

Oh put, put your ass, put your ass up in the air.  
Put your ass up in the air.  
Oohohohoh.  
Whoaoaoaoaoaoaoao.

Put your ass in the air, put your ass up in the air.  
Put your ass in the air, put your ass up in the air.  
Put your ass in the air, put your ass up in the air.  
Put your ass in the air, move around like you don't care.

Put your ass in the air, put your ass up in the air.  
Put your ass in the air, put your ass up in the air.  
Put your ass in the air, put your ass up in the air.  
Put your ass in the air, move around like you don't care.  
Like you don't care.  
Like you don't care.
