It's been a long, long time in darkness  
Oh baby, heaven turn to hell  
I've cried a million tears a million times in, heartbreak  
hotel  
And after all this years of loneliness, there must be a  
ray of light  
A little melody that fills the silence, a dreamless lullaby

I goes  
Ladida  
It goes around the world around the  
Ladida  
And everybody singing loud just  
Ladida  
A million miles away from home oh  
Ladidadida

One more time it's  
Ladida  
It goes around the world around the  
Ladida  
And everybody singing loud just  
Ladida  
A million miles away from home oh  
Ladidadida

I've been waiting almost every day, for this melody  
I've been waiting for a life time baby, endlessly  
I've been waiting waiting all my life for this, magic  
melody  
And if you hear me now from out of space babe  
Come and sing with me...

It goes  
Ladida  
It goes around the world around the  
Ladida  
And everybody singing loud just  
Ladida  
A million miles away from home oh  
Ladidadida

One more time it's  
Ladida  
It goes around the world around the  
Ladida  
And everybody singing loud just  
Ladida  
A million miles away from home oh  
Ladidadida

Uuu, uuu, uuu, ooo, yeaah.

Ladida  
It goes around the world around the  
Ladida  
And everybody singing loud just  
Ladida  
A million miles away from home oh  
Ladidadida

Ladida  
It goes around the world around the  
Ladida  
And everybody singing loud just  
Ladida  
A million miles away from home oh  
Ladidadida

One more time it's  
Ladida  
It goes around the world around the  
Ladida  
And everybody singing loud just  
Ladida  
A million miles away from home oh  
Ladidadida

I've been waiting almost every day, for this melody

I've been waiting waiting all my life for this, magic
