Daylight in your eyes
Daylight in your smile
Darkness, when I'm not with you

Moonlight in the skies
Moonlight feels so nice
Darkness, what am I without you?

Let me just hold you so love can't escape
Don't worry I just want to know

Where is the love in every fading rainbow
High above trees below the moon and sun
Where is the love in every black-eyed ocean
Where is the love

Where is the love in every left down heartbeat
Glamour and fall is what I'm thinking of
Where is the love how could you say it's over
Where is the love

Daylight in your eyes
Daylight in blue eyes
Darkness, holding on to me

Moonlight, midnight sun
Moonlight, here it come
Darkness, that's what I'm without you

I wanna love you but I better not touch
I wanna hold you, makes sense to my cries
I wanna kiss you, will you tell me why?

Where is the love in every fading rainbow
High above trees below the moon and sun
Where is the love in every black-eyed ocean
Where is the love

Where is the love in every left down heartbeat
Glamour and fall is what I'm thinking of
Where is the love how could you say it's over
Where is the love

Worse that you pray, turn the night into day
The beauty of passion brakes through

Where is the love in every fading rainbow
High above trees below the moon and sun
Where is the love in every black-eyed ocean
Where is the love

Where is the love in every left down heartbeat
Glamour and fall is what I'm thinking of
Where is the love how could you say it's over
Where is the love

Where is the love in every fading rainbow
High above trees below the moon and sun
Where is the love in every black-eyed ocean
Where is the love
