Dream Magic your my Love
Dream magic your my
feeling can you give me a dream tonight
can you feel
my love

When i sleep i dream from Magic
when can you give me
a Dream
Why not again?
Why not at once
I like you, but i don't see you in a dream

Magic, when can you feel my love?

Oh no, not at once , but when i sleep,
Then i have a dream ,
Then i dream from magic

When i wake up, Iâ´m happy
Because i had a nice dream, then i go downstairs and
watch TV,
And what do i see ?
I see magic !
