indian habits (hooka hey) by Babe
Thousand years of indian law,with no rights for the
squaw
Indian habits, indian habits
Woman keep your mouth shut, give the warrior what
you got
Indian habits, indian habits

Hooka hey, hooka hey
Hooka hey, hooka hey

But there is something you don't know, it ended long
ago
Indian habits, indian habits
I'll never be an indian squaw,there ain't no indian law
For you and me

And me, don't think you have found
On your private hunting ground
No, no, no, no, I don't think so

Hooka, hooka, hooka, hooka, hey
Hooka, hooka, hooka, hooka, hey (2x)

You never tell where you've been, woman keep the
wigwam clean
Indian habits, indian habits

I wish I could shoot you with a bow and arrow- and
again
And you should scream like a coyote

But I'll never be an indian squaw and there ain't no
indian law
For you and me
