You make me feel lika a UFO
This time Ive had it
I will take no more
Im better off alone
Out of this war zone.
We were a match
Made in heaven above
But now you can't see
The sun for the clouds
Well I have heard it all
And now Im getting bored.
I know watcha going to say
But hey boy
Lets get it straight.
Ref: Whos gonna turn you on
When Im gone
Whos gonna start you up
When you stop
When Im not longer there
Ive had enough Im out of here
Whos gonna wear your ring
Poor thing
Whos gonna fill the space in
My place
Cause I am on my way
Not a single day to late
Bye Bye
Bye Bye.
The same story here we go
Again
I guess I owe it every now and
Then
Well just because I am
Only human.
Now let me out of this wicked
Game
This UFO is turning home
Again
Cause I have heard it all
And I am getting bored.
I know watcha going to say
But hey boy

Lets get it straight.
Ref: Whos gonna turn you on
When Im gone
Whos gonna start you up
When you stop
When Im not longer there
Ive had enough Im out of here
Whos gonna wear your ring
Poor thing
Whos gonna fill the space in
My place
Caus I am on my way
Not a single day to late
Bye Bye.
Whos gonna turn you on
When Im gone
Whos gonna start you up
When you stop
When Im not longer there
Ive had enough Im out of here
Whos gonna wear your ring
Poor thing
Whos gonna fill the space in
My place
Caus I am on my way
Not a single day to late
Bye Bye
Bye Bye
Bye Bye
Bye Bye.
