Noone who knows, does somebody here got a story to
sell?

Where did you go?

IÂ´m writing you letters and sending you mail

A day passes by

A night fades away, dreamed you will come back and
stay

Chorus:

Got to know you secret

I promise I will keep it

(keep it close to your heart) Keep it close to my heart

Got to know your secret

IÂ´m here for you believe it

(you never let go) I promise IÂ´ll never let go

A moment of love

A minute of passion,

i know youÂ´re the one

IÂ´m looking above

Can somebody help me, donÂ´t know where to run

(donÂ´t know where to go)

A day passes by

A night fades away, dreamed you will come back and
stay

CHORUS:

A day passes by

A night fades away, dreamed you will come back and
stay!

CHORUS: twice

I promise IÂ´ll never let go!
