Shy boy  
Shy boy  
Wanna be your only girl

Don't be  
Don't be shy

Shy boy  
Shy boy  
Wanna be your only girl  
Shy boy  
Shy boy  
Wanna give you all the love in the world

People say he's the quite type  
He's not a lover  
He's not a fighter  
People say look before you leap  
I took one look at him  
I wish he'd look at me

I know his name  
Does he know mine?  
Maybe he's just too shy

Shy boy  
Shy boy  
Wanna be your only girl  
Shy boy  
Shy boy  
Gonna give you all the love in the world

People say it's just a matter of trust  
Some people say it's just a school girl crush  
Take a chance when your telephone rings  
Pick it up - It's love calling

I know his number  
Does he know mine?  
Maybe he's just too shy

Shy boy  
Shy boy  
Wanna be your only girl  
Shy boy  
Shy boy  
Gonna give you all the love in the world

1, 2, 3, 4  
Come on boy, open the door  
5, 6, 7, 8  
Don't make me wait  
9, 10, 11, 12  
I promise I wont tell  
I wont tell  
I wont tell

Shy boy  
Shy boy  
Wanna be your only girl  
Shy boy  
Shy boy  
Gonna give you all the love in the world
