Hmmm, hmmm

Ohhh, on and on and on

[Cam' Ron]

Yo, yo, yo, yo,

Yo, why stay here when all y'all don't play fair

Wanna disrespect slit cha neck, spit the tech (Ohhh)

Yellin' out baby hit da deck and all the people

See my face on all y'all TV's

Laid out like Castellano on a war with Thoebe (Ohhhh)

To my family y'all all the greedy

Yeah my mother, I can't judge her

I love her, but trust her, she a sucka (Ohhh)

Went D-Rugs when I turned around

Ready to lock her in the liquor store and burn it down

Or at least give her a tumor to kill the rumors (Yeahhh)

How she a coke consumer, and my girl too slick

Acting goody two shoes like she don't do spit (Ohhh)

I knew it, no bluffin, no fussin or nothin

After all, I'm the one that was up in her cousin (Hmmm)

But she got a girl in her world

F a boyfriend, I don't know if I'm mad or if I should join
in

Like the movie flicks (Ohhh)

And all my trickers wit hoochie slit (Ohhh)

I tell 'em you be quick

My grandmother need her rubies fixed

And some Gucci chips

She think I'm paid cause she heard me with the Fugee
clique (Ohhh)

All the money she want

I tell her sue me quick

Why don't you shoot me quick

Do it tasteful and gratefully, hateful

My grateful behalf (Hmmm)

Now my girl is crying pregnant

Look it and laugh (Ohhh)

No, and I ain't seen 'em last in a year and a half

But they hand open

Prepared for the cash (Yeahhh)

Ch'all don't offend me, my ends be
Buried out in the Indies, too bad I'm stingy (On and on)

{Throughout chorus}

On and on away we'll fall (On)
Like tears from a child, like tears from a child
(Sometimes, yeaahh)
On and on the pained ones say (On and on, ohhhhh)
How fragile we are, how fragile we are (We are sooo
fragile)

[Cam' Ron]

Yo

Yo, yo (Yeaah)

Yo, you got a best friend, me too, mine's in heaven
My man Blood Deedee left in '97 (Ohhh)

C'mon how that sound, yo

Put my man in the ground, yo

Cause he let a girl be his downfall

We would slide together

In a ride together (Ohhhh)

What you know about Blood, even my endeavors

How we cried together, vowed to lie together

I wish I was in the whip, we could of died together

(Ohhh)

Like the charm, love is gone, I ain't bleedin

But I got blood on my arm

Cause what happen when you die

You miss one or two treats

One or two weeks

One or two beeps

One or two peeps (Ohh)

Cats like you

Miss one or two freaks

Them hoes gon' cry

For one or two weeks (Yeahhh)

My life is like a car race

No brakes, just gas

Goin real fast

Probably land in a crash (Ohhh)

Like my cousin, perhaps, for a dozen and black

Harlem buzzin the fact, prayin I wasn't the cat (Yeahhh)

But haters lovin the fact, can't stay on my toes

And I be layin in low, y'all be blazin my hoes (Ohhhh)

Yeah, I sound wet

But lounge yet

Playa lay it down bet

Y'all be tryin to J and I ain't even in the ground yet

(Hmmm)

And from the first I put my heart in it

I love you Blood Deedee (I love you)
I'll see you in a minute (Ohhh)

{Throughout chorus}

On and on away we'll fall (Sometimes some fall)
Like tears from a child, like tears from a child (And the
paain)
On and on the pained ones say (Sometimes it hurts so
bad, ohhhh)
How fragile we are, how fragile we are (Ohhh, onnn)

On and on away we'll fall (Ohhhhh, yeahh)
Like tears from a child, like tears from a child (From a
child, yeahhh)
On and on the pained ones say (On and on, yeahh)
How fragile we are, how fragile we are (oh yeahh)

On and on away we'll fall (We go on, on and on)
Like tears from a child, like tears from a child
(Sometimes we get lonely,
sometimes we get sad, but we go on)
On and on the pained ones say (Yeahhh)
How fragile we are, how fragile we are (We are soooo
fragile, ohhhh)
