Drink from my tempting chalice and you shall awake  
Darkest hatred fills your soul  
Rigid father, haunted one  
Withering goddess truth am I

Dark desires fill the emptiness  
Cleansing your infected flesh  
Wear the armor, a hidden truth  
Erasing former ethic rules  
Millennium kingdom has to come  
Enthroned by many but not by me  
I'll be the one to set you free  
Listen to your inner voice  
There's a bran new world: to see

Rigid father, haunted one  
Withering goddess truth am I  
Dark desire fill the emptiness  
Cleansing your infected flesh  
Wear the armor, a hidden truth  
Erasing former ethic rules  
Darkest hatred fills your soul  
Millennium kingdom has to come  
Enthroned by many but not by me  
Listen to your inner voice  
There's a bran new world: to see

Downward spiral of never-ending lies  
Fool the one who's blind that no one ever dies  
Trust is his faith and deceiving is the game  
I'll be the one to guide you through cosmic domains  
Let me inside you to flow in your veins  
Let me inside you to flow in your veins  
I'll be the one to guide you through cosmic domains

I am many we are one

Give into your dark desires and release your chains  
In the name of Satan I lead you into dimensions  
Drink from my tempting chalice and you shall awake  
Now you are mine forever caught in the cradle of night

There is no such thing as God  
His son and the holy whore  
... As God his son and the holy whore
