Wanted for treason I stand by your side
Smashing the last nail right through the eye
Perplexity spreading likes a fucking disease new world
order suicide breeze
You're searching for answers that cannot be found
obsessed like a madman it
Is keeping you bound
Release the insanity and taste it is good, load up your
guns and do what
You should
Baptized in fire you're heading for your goal, no one
will stop you you're
Above them all
This guiding light of yours brings mass destruction and
obscurity

I see it in your eyes that you're not sane, you cannot
feel compassion or
Pain
There's something missing inside your head you've got
to major interests
Death and decay!
That's what you searching for, this is the swarming of
the gods,
Forevermore!

Holy holy is your war hell is the place that you looking
for

You cannot separate right from wrong in the arms of
death that's were you
Belong!

Wanted for treason I stand by your side
Smashing the last nail right through the eye
Perplexity spreading likes a fucking disease new world
order suicide breeze
You're searching for answers that cannot be found
obsessed like a madman it
Is keeping you bound
Release the insanity and taste it is good, load up your

guns and do what
You should
Baptized in fire you're heading for your goal, no one
will stop you you're
Above them all
This guiding light of yours brings mass destruction and
obscurity

Blindfolded and chained to the cross
Disciples of the world disease
Faith leads the way, towards the new holocaust graves
