Guess who called me yesterday apologized for goin'
away
And said I'm still the one he's dreamin' of
And did he ever sound so low when he said I need you
so
He wants to come back home in the name of love
Guess who said that he was wrong and even cried on
the telephone
Said he'd be as true as stars above
Guess who said he would do right if I'd let him come
home tonight
He wants to come back home in the name of love
Guess who's gonna let him come back to her life once
more
Guess you're right it's me and I'll be waitin' at the door
No more sadness only smiles he'll be here in a little
while
Tonight he's comin' home in the name of love
[guitar]
No more sadness only smiles he'll be here in a little
while
Tonight he's comin' home in the name of love
Tonight he's comin' home in the name of love
Guess who called me yesterday apologized for goin'
away
But tonight he's comin' home in the name of love
