Evil demons ride from hell  
Eternal might eternal kill  
Bestial butcher bestial holocaust  
Raging angels on our way

Evil tyrants rule the world  
Sacrifice are brought forth

Satanik butcher! Apocalyptic war!

Ready to corpse  
Gods of chaos ride with USA  
Disaster and doom torment and kill  
Endless torture endless pain

Evil tyrants rule the world  
Sacrifice are brought forth

Satanik butcher! Apocalyptic war!

666 and pentagrams  
Dead night fire burning  
Black mass chanting  
Rain of fire burning up the sky
