This time we're gonna do our thing  
Is that aight wit y'all? Yeah  
Its gotta be, 'cuz we gon do it anyway  
Ain't that right fellaz? Yeah  
Fellaz ain't that right? Yeah! Haha

Tell ya people, that I'm the man  
I can't be faded, there's been a change of plans  
You can meet me at the barbershop at the barbershop  
At the barbershop, at the barbershop  
You can meet me at the barbershop  
At the barbershop, at the barbershop

Well, it's Friday afternoon and I just woke up  
That's right I just woke up  
From an excruciatin' evening at work  
Woman, so what that it's two-thirty P.M., I'm grown  
dammit straight up

And know when through my finger either  
I think it is time we bust, you know  
Leave the premisis less you plannin' to cook, I mean it's  
Three o'clock and I gotta gimme a cut for that big party  
tonight  
Thrown at K-P Productions

And I don't wanna loose my spot  
'Cuz everybody know Big O, got the tightest fans on the  
block  
So I got to be in that seat at four o'clock  
Shoot I need me some crispy-ones to go with my new  
outfit  
So tell ya people

Tell ya people, that I'm the man  
I can't be faded, there's been a change of plans  
You can meet me at the barbershop, at the barbershop  
At the barbershop, at the barbershop  
You can meet me at the barbershop  
At the barbershop, at the barbershop

Haha, understand me now, I'm cool as a breeze

(Wassup playa, wassup)  
On the black hand side, gimme some grease  
I want a liner, but naw I don't want you to fate me  
A ghetto girl with a attitude to contegrate me

So what's happenin', the hood's seein' in  
I get the scoop on everyone in the ghetto so let's begin  
Who got shot? Mike, who got jumped? Eric  
Who got ganked? Shay, who got robbed? Dee  
Who went to jail? Chuck, who got saved? Rick

Who's gettin' money and who's broke as a joke  
And hear about your lady called me  
That started smokin' that dope  
You get it all at this little dusty place  
Let me be still, she gettin' out the razor from my face  
you see

Tell ya people, that I'm the man  
I can't be faded, there's been a change of plans  
You can meet me at the barbershop, at the barbershop  
At the barbershop, at the barbershop  
You can meet me at the barbershop  
At the barbershop, at the barbershop

You heard of me, the fat guy that raps  
Now it's time for Bizarre to take off his shower cap  
It's been five days, I patiently waited  
Saturday mornin', it's time to get faded

And I mean get faded, I mean get faded  
Damn, at four o'clock, I didn't almost make it  
My barber's name is Sarah, she don't really know how  
to cut  
But she gots nice teeth and big ol' butt

So two days a week, I get faded for no reason  
Same ol' haircut, keep it low and breathin'  
If you see me in a barbershop, go on and run  
'Cuz I'm probably gettin' a perm and my toe-nails done

Got here full grip, but can't call the cops  
I gotta get the script from the lips to the barbershop  
Jump in the seat yo gimme the line  
And, and tell me who came through shinnin'

Homeboy scooped up, in a new truck  
Gave everybody a cup and gave me a few bucks  
Then he started braggin' 'bout his last lick  
Cut me a design along with his address

You can have a million dollar suit on, shinnin' with ya  
karats up  
But it don't mean nothin' if ya floggin' in ya haircut  
Now who next? Um I just want my son to get a tech

What about you sweetie? So what you tryin' say?  
I'm just playin' with you baby, hey, he do this all the  
time  
And all you do is whine, and drink wine

Yo' you know that cho-chie got knocked out, man,  
when?  
Early at Le'mott's house, again?  
I wouldn't let that man sit on my couch  
You was wit him yesterday

Man what are you talkin' bout?  
I'm just about ready to throw y'all out  
No you ain't, I'll be here for bout a hour  
No I'll raise up the rates

So go tell ya people, that I'm the man  
I can't be faded, there's been a change of plans  
You can meet me at the barbershop, at the barbershop  
You can meet me at the barbershop, at the barbershop  
You can meet me at the barbershop  
At the barbershop, at the barbershop
