I feel on fire
like I never have before
your baby's tired
he's licking at my floor
I'll open my...
myopia for you
cold final hour
my love is in a-muse

I can hear you crying
if you want I'll watch you die
we could be surviving
and the time would pass us by

Retina Scryer
she (w)rote it in a moor
Blue Valiant power
your valor in a-chord
I'll open my...
myopia for you
(el)L's only tower
your sulfur in a fuse

I can hear you crying
if you want
I'll watch you die
we could be surviving
and the time would
pass us by...
