So, you're down on your elbows and knees  
and now you just go with the flow  
You used to be easy to please  
but that was a long time ago.  
But when you enter her room  
and when she opens her dream cocoon  
You'll be over the moon  
You'll be able to fly  
You'll be getting there soon  
You'll be high as the sky  
Say, what happened to all your friends  
What made them so dull and so grey  
They got in a way in a sense  
'cause they chose to turn her away  
But when you enter her room

and when she opens her dream cocoon  
You'll be over the moon  
You'll be able to fly  
You'll be getting there soon  
You'll be high as the sky  
You will bend til you break  
You can't tell her goodbye  
She's got God in her hands  
Got us all in a trance  
and when she opens her dream cocoon  
We'll be over the moon  
We'll be able to fly  
We'll be getting there soon  
We'll be high as the sky  
We will bend til we break  
Just don't tell us goodbye
