ANTONIO: Nothing beats a brand new shore, streaming into view.

After weeks upon the waves, the thrill of somewhere new.

All the riches of the world- can't compare to these; golden sand and silver clouds, a fragrant island breeze.

What will I discover next?

It's all a mystery- different every day.

There's so much to do and learn and touch and hear and see...

Just a step away.

TIKA: It has no trunkâ€¦

SAGI: It has no tailâ€¦

TIKA: It's not a fish.

SAGI: It's not a whale.

AZUL: It has no feathers I can see!

RO: I have to say it looks likeâ€¦ me.

TIKA: It must be bad!

SAGI: It can't be good!

TIKA: Let's run and hide!

AZUL: I think we should!

TIKA: Just close your eyes it goes awayâ€¦

RO: This doesn't happen every day!

ANTONIO: Feeling the excitement grow every single stride.

Sun above, and earth belo-ooooooooow--
