Two maidens were stealing a gig from two kind men,
Who's singing was magic,
They
were both so handsome,
How did you get to be so good looking?
Genetics (aahh),
One so fair and pretty,
One of dark beauty,
One wearing orange,
And one(you know perfectly well nothing rhymes with
orange),
Here the song you belong,with the lads like us,
Here the song you belong you belong you belong,
With the lads like us,
DOUBLE VISION!
We are both so charming,
That we know that you'll love us,
I could look so dis - arming,
And our style is a BIG BIG PLUS!
In a song- you belong with lads like us,
Its a song you belong,
you belong,
you belong,
wow you belong,oooh you belong wow you belong!
WITH LADS LIKE US!!!
