Remember when I said I won't miss you
The truth is that I do
I never stop thinking about you (About you)
We are meant together, the two of us our bound
And now it seems like forever
I can't get you off my mind

If I could wish upon a star
Then I would hold you in my arms (Hold you in my arms)
And I know we could love once again (Love again)
If I could turn the hands of time
Then your love will, still be mine
Baby, I would be right where you are
If I could wish upon a star

It's obvious and everyone can see
But baby, you and I are truly meant to be
But nothing turns out right (Nothing turns out right)
If only I could make you realize
If only time could give us just another chance
I'd prove it all to you

If I could wish upon a star
If I could turn the hands of time
Then I'd be in your arms again

If I could wish upon a star
Then I would hold you in my arms (Hold you in my arms)
And I know we could love once again (Baby, love again)
If I could turn the hands of time
Then you would love me, still be mine
Baby, I would be right where you are
If I could wish upon a star

If I could wish upon a star
