I'm blind folded on this carriage ride
That they call life keep trying to make it through that
next turn knuckles white and holding tight
So here I go taking the curve but I know that I'm never
alone I think of you and how you never let me go
(Chorus)
I feel connected(connected)
Protected(protected)
It's like you're sitting right with me all the time you hear
me(you hear me) you're near me(you're near me) and
everything is gonna be alright cause nothing can break
this nothing can break this tie connected
It's not an accident the time we spent apart but now
we're so close I can always find you right here in my
heart you've given me something I need and I don't
ever want it to end because of you I know I found my
strength again(chorus) connected connected inside
Every time that I breathe I can feel the energy reaching
out flowing through you to me and me to you make a
dream walk a step you are everywhere I am separate
souls unified touching at the speed of love oh love
yeah
(Chorus)
Connected connected inside connected connected
inside
