When I wonder where I am
When I wonder why I take these chances
I try to breathe
I say to me, "believe"
And whatever comes, it's okay

'Cause I'm on my way
To somewhere better
I'm further every day
I'm on my way
I know it might take until forever
But everything could change today
So I'm on my way
To find that place

People say that I'm naive
'Cause I'm trusting and my heart is open
But I won't hide
I'm here to find who I am
And whatever comes is what's right

'Cause I'm on my way
To somewhere better
I'm further every day
I'm on my way
I know it might take until forever
But everything could change today
So I'm on my way
To find that place

I'll keep dreamin'
Til I get there
I'll be free
So goodbye to yesterday
I'm giving what it takes

'Cause I'm on my way
To somewhere better
I'm on my way
It could take forever
(And everything could change)
It could change today

'Cause I'm on my way
To find that place
