Some say
"The walls between us stand so tall"
They don't see there's just one sun
Shining on us all

I say
"We each choose roads to call our own"
But none of us is traveling through
This universe alone

And this circle
Just goes on and on
It began before us
(Ooo)
It will be here when we've gone

And this circle
(Circle)
Just goes on and on and on
Connecting our humanity
Joining me to you and you to me

Seasons
Keep spinning on the wheel of time
We stand, we fall, we struggle up
The mountains we must climb

Different dreams
(Different dreams)
May color what we see ahead
But our lives are strong together
On a common thread

And this circle
(Circle)
Just goes on and on
(On and on)
It began before us
(Ooo)
It will be here when we've gone

And this circle

(Circle)
Just goes on and on and on
Connecting our humanity
Joining me to you and you to me

Around and 'round and 'round and 'round we go
(Around and 'round we go)
Around and 'round and 'round we go
(Ooo)
Love and learn and change and grow
'Round and 'round and 'round we go

And this circle
Touches everyone
As it crosses every boundary
Underneath the sun

(And this circle)
And this circle
Just goes on and on
It began before us
It will be here when we're gone

Yes this circle
(And this circle, circle)
Just goes on and on and on
Someday we will come to see
I'm joined to you and you to me
