Have you met my good friend Charley  
Oh you've heard of him no doubt  
Well he's a great big good time Charley  
That the girls all rave about

He's as welcome at a party  
As flowers are in spring  
Any time they see him coming in  
Everyone begins to sing

Clap hands here comes Charley  
Clap your hands good time Charley  
Clap your hands here comes Charley now

This way join the party  
This way meet my party  
Hey hey Charley take a bow

See the smiles go all around the table  
Grab a chair move it over there  
Let him sit right next to Mabel

Clap hands here comes Charley  
Clap your hands good time Charley  
Clap your hands here comes Charley now

You can tell that he's a buyer  
Charley pays we all get higher

Clap hands there is Stephe  
Clap hands ain't we lucky  
Clap hands here's Charley now  
Here's Charley let's go  
Clap hands cause here comes Charley now
