You don't have to shout  
>from now on I'm out of the kitchen  
What's more I can't stand your cigarette brand  
And I switchin'  
I'm unhappy with things the way they've occurred  
It is time to face facts and not mince a word  
Certain parties with bird brains are getting the bird!  
Au revoir, fare thee well, and good-bye  
And I'll tell you why

A funny thing happened on my way to love  
I lost the young fellow I've been dreaming of  
He changed while I waited and hoped for his call  
Into someone who's no fun at all  
So I'll start forgetting  
What else can I do?  
And much thanks for letting me practice on you  
It's farewell my lovely  
Excuse please my dust  
Unravel and travel and lust

No tears  
No hurt surprise  
It's with a pleasant glow I realize

If I have that much love so deep true and strong  
All ready to hand my dear mister wrong  
To stew both the treasures, the joy and delight  
I'll give to my own mister right.

So hasta lavista, factah, toodle-oooh  
The world will keep turning but nut around you  
There's someone else waiting who's more than a friend  
Best wishes and dishes I'll send  
So

So long, I'm on my way  
And may I say  
If I had this much love so deep true and strong  
All ready to hand you my dear mister wrong  
Just think of the treasures the joy and delight  
I'll give

As long as I live  
Day and night  
To my own mister right!
