

## Barbra Streisand "Gotta Move"

Visit "[Gotta Move](#)" on MotoLyrics.com

Gotta move, gotta get out  
Gotta leave this place  
Gotta find some place  
Some other place  
Some brand new place

Some place where each face that I see  
Won't be staring back at me  
Telling me what to be and how to be it  
Some place where I can just be me

Gotta move, got to get out  
Gotta leave this town  
Gotta find some town  
Some big new town  
Some bright new town

Some new town with new places, new lights  
And most of all some new faces

Gotta find a man, a new man  
A man who won't worry 'bout where I go  
A man who won't ask how I learned what I know  
A man who will know that you've gotta be free  
A man who will know when to just let me be

Gotta move, got to get out  
Gotta change my life  
Gotta find my life  
I'll find me a place in  
Some new town and baby

When I find me that place  
Then maybe I gotta live this town  
Gotta leave this place  
Gotta find a new man  
Gotta move
