Beyond that road lies a shining world  
Beyond that road lies despair  
Beyond that road lies a world that's gleaming  
People who are scheming  
Beauty, hunger, glory, sorrow, never a pain or care  
I'm liable to find a couple of surprises there

There's a song I must sing, it's a well known song  
But the tune is bitter and it doesn't take long  
To learn, I can learn

That pretty little world that beams so bright  
That pretty little world that seems delightful cambered  
Let me learn, let me learn

For I can see it shining somewhere  
Bright lights somewhere invite me to compare and  
learn  
And I'm ready, I can hear it, silent singing  
Inside my ear, I hear them all singing of love  
Who knows maybe all the visions that I see  
May be waiting just for me to say

Take me there and make me see it, make me feel it  
I know it so, I know that it really may be  
Let me learn
