Don't wanna stay here
Not very nice
You boiled me over
Now you're cold as ice

From what you gave me
To what you made me
I should be homeward bound
Why am I hangin' 'round

Knowing your life story began
With somebody else
Find your glory out there
With somebody else
I'll be where you find me
I'll be somebody else
Somebody else

Dog in the manger
Teller of lies
I see a stranger
Laughing in your eyes

Though I don't know how
I'm in the way now
No matter what you do
I go on loving you

Knowing your life story began
With somebody else
Find your glory out there
With somebody else
I'll be where you find me
I'll be somebody else
Somebody else, somebody else

Deeper than your valleys
Longer than your memory
I got to your story's end

Your life story began
With somebody else

Find your glory out there
With somebody else
I'll be where you find me
I'll be somebody else
Somebody else, somebody else

Somebody else, somebody else
Somebody else, somebody else
Somebody else
I'll be somebody else
I'll be somebody else
