"Love Like Ours"

I look at you and there it is
The ultimate in where it is
And realize how rare it is
This 'finding your love'

You try so many arms
When you are lonely
To find the one and only
One day you turn and he's there

Amazing how serene it is
The shade of evergreen it is
Exactly what we mean it is
And knew it would be

When love like ours arrives
We guard it with our lives

Whatever goes astray
When a rainy day comes around
A love like ours will keep us safe and sound

Hmm hmm hmm hmm hmm

When love like ours arrives
We guard it with our lives
Whatever goes astray
What rainy day comes around
A love like ours will keep us safe and sound

Hmm
