[Scotty Edge]

Well it's Brooklyn Bums

Well it's the dirty birds

Well it's the Lordz of Brooklyn won't go back on our words

Cause' we're pissing on the curbs, dishing out the dirt

Yo! someone's got to shout out to Bensonhurst

Ray Ridge Lordz rule

I might lose my cool

in a bar room brawl

and beat them down with a stool

I'm drunk it hit my head

I'm pissed I'm turning red

Well it's the Lordz of Brooklyn

if you fuck around you're dead

E to the D to the G the E

Like the loans shark's muscle

(Admoney) "Yo, I'll bust your freakin' knee!"

With a bat or a pipe

In my parish that's a fight

Yo, you caught the Brooklyn fever on a Saturday night.

[Chorus by Admoney]

Come on!

It's a Saturday night

Come On!

It's a Saturday Night

Come on!

It's a Saturday night

So bring your boys and your bats cause it's a bar fight

[Admoney]

Ayeoo! Kick off your shoes, jump off the rock

It's the crazy white boy from a Brooklyn block

Standing on the corner drinking cheap wine

It's a Saturday night, yo, let's all get high

Puffing on the blunts and sipping on the brews

Mess with LOB!

Punk! Yo! You lose

I'm out getting drunk, writing on the walls

Step to ADM If you got the balls

I come full fisted swinging the bat
So tell me right now man
Who's the mack?
I'm in my Cadillac, running red lights
The cops on my tail
It's a Saturday night..

[Chorus]
Come On!
It's a Saturday night (X 3)
So bring your hoes and blades cause it's a bar fight..

[Kaves]
I got the Saturday Night fever, word to mama mia
It's that crazy L.O.Bia, yo It's my pizzeria
Connected like Sinatra
The phantom of the opera
The turnstile hopper
[Admoney "Fuck those coppers"
Got the Dean Martin style
[Dino Botz: "Woo doo bee doo"
I got the drunken flow
"From the Budweiser brew"(Dino Botz)
Swinging on the cable Like I'm Tony Manaro
The ginny gang plank is the Verrazzano
Like Lucky Luciano with the tommy gun
I never leave the body till the job is done
Won't be late for dinner, cause I'm mommy's son
And like my Pop said never turn and run

[Scotty Edge]
Just leave them laid out, lights out
kissing on the pavement
Well it's the Edge One, ADM, and the Kaves
and Paulie Two Time, and my man Dino Botz
And we're the Lordz of Brooklyn and we ain't got gotz..

[Chorus]
