The dawn is filled with dreams  
So many dreams, which one is mine  
One must be right for me  
Which dream of all the dreams  
When there's a dream for every star  
And there are oh so many stars, so many stars

The wind is filled with songs  
So many songs, which one is mine  
One must be right for me  
Which song of all the songs  
When there's a song for every star  
And there are oh so many stars, so many stars

Along the countless days, the endless nights  
That I have searched so many eyes  
So many hearts, so many smiles  
Which one to choose, which way to go,  
How can I tell, how will I know, out of, oh,  
So many stars, so many stars

Que estrela vai cantar,  
E o seu clarão beijando o mar,  
Quem sabe amor em mim também vai rebrilhar...

Along the countless days, the endless nights  
That I have searched so many eyes  
So many hearts, so many smiles  
Which one to choose, which way to go,  
How can I tell, how will I know, out of, oh,  
So many stars, so many stars

Me iluminam  
So many stars  
Que estrela vai

So many stars in the sky  
So many stars
