When the night is wrapped around us  
And the dawn might come too soon  
When the only light that's found us  
Is the solitary moon

When the songbird in a willow  
Sings a soft the song for two  
Once again you share my pillow  
Making love to me tenderly  
Here as we share  
The silent moon

As it slowly sails above us  
In its solitary flight  
Seems the moon must surely love us  
As it based us in its flight

Say that we can spend the day here  
Through a sunlit afternoon  
Let your kisses say you stay here  
And make love to me tenderly  
Here as we share  
The silent moon

Say that we can spend the day here  
Through a sunlit afternoon  
Let your kisses say you stay here  
And make love to me tenderly  
Here as we share  
The silent moon,  
Solitary moon,  
The tender loving moon,  
The solitary moon
