So the word is goodbye  
Makes no difference how the tears are cried  
It's over  
And my heart lives alone  
I can make believe you need me  
When it's over

And we can't take it home  
The fire that was burning  
When all around was turning  
And we were cruising for the ride

Got to give a little of the love inside  
Not to take it all  
And watch me fall  
I got me lovin' you  
I had you lovin' me

And we both played along  
Love is easy on the young  
Life was together  
As the world fades away  
Into yesterday  
I'm losing you forever

I'm just an empty shell  
With nothing for tomorrow  
I'm here to face the sorrow  
The dream we sailed was far and wide

Got to give a little of the love inside  
Not to take apart  
This breaking heart  
I got me lovin' you  
I had you lovin' me

So the word is goodbye  
Makes no difference how the tears are cried  
It's over  
And my heart lives alone  
I can make believe you need me  
When it's over

And we can't take it home  
The fire that was burning  
When all around was turning  
The dream we sailed was far and wide

Got to give a little of the love inside  
The love inside  
The love inside
