(L.Harline & N.Washington)

Troubles really are bubbles they say  
And I'm bubbling over today  
Spring brings roses to people you see  
But it brings hay fever to me  
My luck will vary surely  
That's purely a curse  
My luck has changed,  
Yes, it's gotten from rotten to worse

Where's that rainbow they hear about?  
Where's that lining they cheer about?  
Where's that love nest,  
Where love is king ever after?

Where's that blue room they sing about?  
Where's that sunshine they fling about?  
I know morning will come,  
But pardon my laughter!

In each scenario  
You can depend on the end  
Where the lovers agree.  
Where's that Lothario?  
Where does he roam, with his dome  
Vaselined as can be?

Oh, it is easy to see all right  
Ev'rything's gonna be all right  
Be just dandy for ev'rybody but me.

In each scenario  
You can depend on the end  
Where the lovers agree.  
Where's that Lothario?  
Where does he roam, with his dome  
Vaselined as can be?

Oh, it is easy to see all right  
Ev'rything's gonna be all right  
Be just dandy for ev'rybody but me.

Oh, yeah, I see that rainbow  
For everybody but me.
