With one more look at you  
I could learn to tame the clouds and let the sun shine  
through  
Leave a troubled past and I might start a new  
I'll solve the mysteries if you're the prize, refresh these  
tired eyes

With one more look at you  
I might overcome the anger, that I've learned to know  
Find a peace of mind, I lost so long ago  
Your gentle touch has made me strong again, and I'll  
belong again

For when you look at me  
I'm everything and more than I had dreamed I'd be  
My spirit feels a promise, I won't be alone  
We'll love and live more, love and live forever

With one more look at you  
I'd learn to change the stars and change our fortunes  
too  
I'd have the constellations paint your portrait too  
So all the world might share this wondrous sight  
The world could end each night

With one more look at you  
With one more look at you  
I want one more look at you  
Are you watching me now? Watch closely now

Your eyes are like fingers  
Touching my body, arousing me so  
I'm riding the passion arising inside me  
How high can I go?

You're comin' with me, I'm gonna show you how  
And when it's scary  
I won't look down  
Are you watching me now? Watch closely now

I see the hunger arise in your eyes

And it's urging me, urging me, urging me on  
Higher and harder and it's faster and farther  
Than I've ever gone

Your pleasure is part of the secret of flight that I found  
When I feel like an eagle, my soul has no place on the  
ground  
Born out of madness, I'll double the danger with no net  
at all  
If you don't look away I'm secure, in the fact that you  
won't let me fall

Watch closely now, are you watching me now?

I'm the master magician, who'll help you escape  
From the lies you've been told  
When they're breaking your back, bring the last straw  
to me  
I'll turn straw into gold

I break chains made of boredom that others have lived  
with for years  
I leave good news on doorsteps and laughs where  
there used to be tears  
I'm gonna need you later, when you're not around  
But I can take it, yeah, I won't look down

Watch closely now, are you watching me now?  
Watch me now, are you watching me now?  
Are you watching me now
