Who's lonely now?

Which one of us is suffering?

Who's in his cups?

Which one of us recovering

Who likes to look at pictures and cries, but way too late?

Who doesn't want to change a thing, accepting it was fate?

Chorus:

The wrong man was convicted, you know I did the deed

I thought that you would wait for me, your wants I needn't heed

The wrong man lies beside you and waits for you to wake

And all because I lacked conviction, the judgment's my mistake

Who's breathless now? Who only hyperventilates?

Who'd die for you? Who's dying inside anyway?

Which one of us is sunshine and which one's growing dim?

When two men dream of you at night, do you just dream of him?

(chorus)

Who's lonely now? Who's reaching out to no one?

Who's lonely now? It takes one to know one

I changed my mind; you said that I could change it
back

I wanted space, and now change has fallen through the
cracks

If I'm again beside your body, don't tell me where it's
been

It's cruel, unusual punishment to kiss fingerprinted skin

(chorus)

It's my mistake
