I've been kept in by this means for me to hate
Living quietly 'till sometimes my temper breaks

I'm accused, insensitive and at times I hurt
Can't you see, I've been kept in and now I'm rolling in
my own dirt
Left alone and isolated, am I to blame?
Can't you see, I've been kept in but you're still
Bursting through every vein

And now I'm out in the cold, my life
It's time for you to realise
How much you matter
I'm out in the cold, my life
It's time for you to realise
How much you matter

I've been kept inside, now all my life remains
Take it quietly 'till sometimes my tension breaks

I'm accused, insensitive and at times I hurt
Can't you see, I've been kept in and now I'm rolling in
my own dirt
Want it back, 'cause desperation feels so bold
Pick me up, when I'm down so far with
Everything leaves me cold (Everything, leaves me cold)

And now I'm out in the cold, my life
It's time for you to realise
How much you matter
I'm out in the cold, my life
It's time for you to realise
How much you matter
I'm out in the cold, my life
It's time for you to realise
How much you matter
I'm out in the cold, my life
It's time for you to realise
How much you matter
To realise how much you matter

You left me out in the cold (You left me)

So natural, but how was I to know? (So lonely)
Super-fanciful (Come catch me)
You left me out in the cold (You left me)
So natural, but how was I to know? (So lonely)
Come catch me
You left me out in the cold (You left me)
So natural, but how was I to know? (So lonely)
Super-fanciful (Come catch me)
But you left me out in the cold (You left me)
So natural, but how was I to know? (So lonely)
Come catch me

I'm out in the cold, my life
It's time for you to realise
How much you matter
I'm out in the cold, my life
It's time for you to realise
How much you matter
I'm out in the cold, my life
It's time for you to realise
How much you matter
To realise
How much you matter
