I see you
I'm running but I don't know my way
I'm so afraid to tell you all I need to say
The heavens are falling and I can't get away
I'm so ashamed of leaving and letting go of faith

I see rain living without you
Oh
It's not the same living without you again
I feel pain living without you here
I see rain

I came here believing that I had much to give but all I
had was illusions
Where do I begin
I found as I tried to understand your words
There's nothing you should cling to if your heart's not
in your hand

I see rain living without you
Yeah
It's not the same living without you again
I feel pain living without you here
I see rain

Facing honest questions
Slowly turning me around
Building up what's broken down

I see rain living without you
I see pain
Oh
Living without you
I see rain living without you here and I see pain living
without you here

Oh
Oh
I see rain
Oh
Living without you
