I spend days  
I spend weeks  
I spend months  
Sitting here  
Creating this new fear of you in my mind  
Though I never thought that through  
Catch me  
In the place I felt so safe

We made friends  
We made enemies  
Of one another  
Shooting places these back and forth  
Across the room

I'm targeting you and your eager eyes  
The way you look  
The way you move tonight  
And in know that I'll be fine  
Avoiding you tonight

With everyone in this crowded room  
Somehow I'm next to you  
Somehow so close to you  
x2

And this crowded room  
Is changing everything we've been

We've been gone  
We've let other people into our lives  
Set aside, for just tonight

As we do our deed  
The only deed that no one has to see  
And I know that I'll be fine  
If I have you just tonight

With everyone in this crowded room  
Somehow I'm next to you  
Somehow so close to you  
x2

And I think about this all the time  
If I could have you just tonight  
Maybe then I'd set aside  
Hopeless dreams and live my life  
Breaking free from all these lies  
Baby, I'm alive tonight

With everyone in this crowded room  
Somehow I'm next to you  
Somehow so close to you  
x2
