"All In Good Time"

In time we move so fast
In time away from the past
In time the pain heals at last
All in good time

In time the minutes dance
In time we trust a romance
In time we'll go live in France
All in good time

The clock has two hands
Strong to hold you tight
You can't buy another chance
To get things right

In time we learn to choose
In time we gain what we'll lose
In time we'll all sing the blues
All in good time

There is time, don't worry
Sometimes you won't care
And in time you won't hurry,
you're not going anywhere

In time we walk until
In time over the hill
In time we pay the bill
All in good time

All in good time
All in good time
All in good time
