I never jumped in and rescued you  
But I wanted to  
I didn't tell you which way to go  
'Cause I thought you'd know

You had a problem with your new found wealth  
Brought it on yourself  
I never told you, I told you so  
But I told you so

Have to let it go, it's time to let it go  
Now I can't believe, it took so long to leave  
Perhaps one day I'll grieve or I never will

I never told you I agreed with you  
I don't think I do  
I wasn't sure quite what the whole thing meant  
But I'm glad you went

I never thought that it could be painless  
But it is I guess  
I had myself fooled into needing you  
Did I fool you too?

Have to let it go, it's time to let it go  
Now I can't believe, it took so long to leave  
Perhaps one day I'll grieve or I never will

Viral infection that can incubate for years  
Caused by affection fallen deep into arrears  
No medication to procure, makes me pure  
There's no cure, I am sure

I never mentioned how I've prayed for you  
Now I've paid for you  
I never said that I would wait for you  
It's too late for you

It's time to let it go  
Now I can't believe, it took so long to leave  
Perhaps one day I'll grieve or I never will

Or I never will, I never will
