Learn to lose, it's easier that way  
We've paid our dues, but we can't make life pay  
All across the world, people going mad  
In their mother's cars, the kids are feeling sad  
That's how it is, and I'll see you later

Everything old is new again  
Everything under the sun  
Now that I'm back with you again  
We hug and we kiss  
We sit and make lists  
We drink and I bandage your wrists

Wasted youth -- there wasn't much to waste  
Down to the bone, and still losing weight  
With all the wishing in the world glistening in her eyes  
But when I say I love her, she thinks I'm telling lies  
Is it all lost? No, we never had it

Everything old is new again  
Everything under the sun

All of our fears come true again  
Recycle reuse  
Resent and refuse  
Our parent's ideals and view

She thinks the afterlife might just be where the action is  
With high schools built like prisons, she can't find a way  
to live  
Moved back home to fill the empty nest  
Afraid to roam, in love with second best  
While somewhere in the world, she's hosting her own  
show  
And everyone she questions never seems to know  
Everything old is new again  
Who they are and where they are going

Everything under the sun  
Now that I'm without you again  
I wake up and eat  
I go back to sleep

And let my nightmares repeat

All across the world, people going mad
