

Barenaked Ladies **"For You"**

Visit "[For You](#)" on MotoLyrics.com

I have set aside everything I love
I have saved everything else for you
I cannot decide what this doubt's made of
Though I thought over it through and through

In a book, in a box, high upon a shelf
In a locked and guarded vault
Are the things I keep only for myself
It's your fate but it's not your fault

And for every useless reason I know
There's a reason not to care
If I hide myself wherever I go
Am I ever really there?

There is no-where else I would rather be
But I can't just be right here
An enigma wrapped in a mystery
Or a fool consumed by fear

And for every useless reason I know
There's a reason not to care
If I hide myself wherever I go
Am I ever really there?

I will give you all I could ever give
Though it's less than you will need
Could you just forget, if you can't forgive
All the things I cannot concede

And for every useless reason I know
There's a reason not to care
If I hide myself wherever I go
Am I ever really there?
