We sent in the army  
They sounded alarms we  
Saw it coming from a mile away.  
We kept it off radar  
Because we had to say our  
Intentions were to save the day.

Why did you fail to see?

It was a gag  
It was all for a laugh  
And they were shocked and they were awed  
and they were blown in half

Fun and games  
We're just pulling legs  
We knew this barrel of fun  
Would be a powderkeg

We kept it all long-range  
and made a regime change  
You'd have thought it would have been a gas  
But when it got ugly  
We sat around smugly  
Because you bought our little joke en masse  
Don't look at me that way

It was a gag  
It was all for a laugh  
We knew your sons and daughters  
Would be blown in half

Fun and games  
We're just pulling legs  
We knew this barrel of fun  
Would be a powderkeg

Put a smile on  
We're the ones that you selected

Leave that dial son  
Because we just got re-elected

In a while our  
Bill of rights will be rejected

and all the blame will be deflected  
the forests will be unprotected  
the nation's poor will be neglected  
creation myth is resurrected  
a new salute is genuflected  
a gallup poll will be respected  
gallows pole will be erected  
all this will go undetected

While you all slumbered  
We sat and crunched numbers  
Of all the causalities we could afford  
There's no need to draft them  
You could hear us laugh then  
The poor and black all need the room and board  
Did I say that out loud?

It was a gag  
It was all for a laugh  
And now our very nation has been blown in half

Fun and games  
We're just pulling legs  
We knew this barrel of fun  
Would be a powderkeg

Oh yeah....
