"Humungous Tree"

I'm gonna plant this seed, this little tiny seed,
and it is gonna grow into a giant tree.

A gigantic tree. A ginormous tree.

A humungous tree for all the world to see.

You've gotta love the trees,
they even help us breathe.

They give us oxygen.

They give us scenery.

When I see a healthy trunk it makes me want to jump.

But I feel the opposite when I see a stump.

Help me plant this seed, this little tiny seed.

And let us watch it grow into a giant tree.

One gigantic tree here for you and me.

For our children's children's children's children's
children to see.
