Friend, this shouldn't be the way the things end  
But then a break is just around the bend  
And when you tell me as I leave  
You're scared you'll never see my face again  
Well, I'm not sure it's the truth

You don't think I can love you  
You don't think I can love you  
You don't think I can love you  
But I can and I will and I do

You write  
I read your letters every night  
All right  
I skim them just to be polite  
I fight embarrassment and shame  
The mention of your name makes me turn white  
But guilt still makes me refrain

You don't think I can love you  
You don't think I can love you  
You don't think I can love you  
But I can and I will and I do

I imagine you think I don't think of you  
You know you couldn't be more wrong  
If good intentions pave the road that gets me through  
Then I've got a six-lane highway  
And I intend to someday  
Do all the things I say I can and I will and I do

Hey  
It's hard for me to go away  
Okay, I know it's not adult  
But it's just a difficult for me to stay  
And anyway you say

You don't think I can love you  
You don't think I can love you  
You don't think I can love you  
Love you love you love you  
I can and I will and I do

I can and I will and I do
